Overall Trade Review

Particulars	Observations
What was the overall outcome of the trades reviewed?	Overall, the trades made a profit of 19.78
What worked well across the trades?	The trading plan and combined strategy were followed.
What problems appeared repeatedly?	Poor entry timing appeared in some trades.
Were there repeated deviations from the trading plan?	No, the trading plan was followed in all trades.
Were there repeated deviations from the selected strategy?	No, the combined strategy was followed.
Which previous mistakes were successfully avoided?	Changing the strategy during the trade was avoided.
Which previous mistakes continued to occur?	Entering before getting a stronger signal continued to occur.
What common pattern did you observe?	Most losing trades came when the price moved against the expected direction.
What was your main trading strength?	I followed my trading plan properly.
What was your main area requiring improvement?	Improving entry timing and waiting for clearer signals.

Particulars	Observations
What was the overall trading outcome?	The overall result was a profit of 19.78.
How would you describe the quality of your trading process?	The process was good because I followed my trading plan and strategy.
Did the outcome accurately reflect the quality of your process?	Yes. The profit shows that the overall process worked, but the losing trades show that entry timing can still be improved.

Pattern Identification Table

Area	What pattern did I observe ?
Most common strength	I followed my trading plan properly.
Most common Weakness	Entry timing needed improvement.
Most common reason for entering	I expected the price to move upward.
Most common execution issue	I entered before getting a strong signal.
Most common planning issue	I did not always wait for a clear setup.
Previous mistake successfully avoided	I followed the same strategy throughout the trades.
Previous mistake repeated	I entered some trades without enough confirmation.
Most important pattern	Better entry timing can help reduce losses.

Improvement Actions

Area Requiring Improvement	Evidence/Reason	Action for Future Trades
Patience	Some trades were entered too quickly.	Wait for a clear signal before entering.
Entry timing	Some entries resulted in losses.	Choose the entry only after checking the price movement.
Exit timing	Some trades ended with small losses.	Watch the trade carefully and close at the right time.
